

Weather Safety

Name _____ Class _____

One important job for the National Weather Service is to warn Americans about weather that can be harmful to people and property. The National Weather Service warns about many different weather conditions.

What conditions might affect people where I live?

For this activity go to <https://www.weather.gov/safety/>. This website will teach you ways to stay safe in various situations. Look at the different situations on the webpage and think about what might affect people where you live. Then choose three and write or draw how to stay safe.

Condition #1: _____

Write or draw how to stay safe.

Condition #2: _____

Write or draw how to stay safe.

Condition #3: _____

Write or draw how to stay safe.
